## ARCHITECTURAL DETAILING

### WATER FEATURES

All water features are entirely custom and the cost depends on the scale and scope of the project.

### SPECIAL FIXTURES

Fixtures are generally custom products and are priced accordingly.

The “Illuminata” light fixture series (ceramic and glass) sells for **\$3200.00** apiece

### MURALS AND MOTIFS

Murals and decorative motifs are created specifically for particular environments. They are priced according to square footage and by the complexity of the imagery. The range per square foot is \$25.00 - \$125.00 mostly falling in the mid- range between the two.

**Orders must be paid by check or money order and made out to:**

**MC<sup>2</sup> Design**

**3541 Gravenstein Hwy North, Bldg C, Sebastopol, Ca. 95472**

The design and production process begins upon receipt of your check.

### **DURABILITY STANDARDS AND SPECIFICATIONS**

All tiles and some panels start with industrial grade masonite (¼ inch) that is prepared with sealant and then encased in texture and sealed again. After color applications ( also commercial grade ) all tiles and panels are finished with a durable and waterproof coating of commercial grade beeswax.

Over-size panels and tiles and panels for exterior projects or damp areas ( such as gardens and courtyards ) are done with "hardy backer board" ( cement board ) that is encased in the same durable materials and top coated accordingly with exterior grade products. Please specify if your project is an exterior surface or is for a shower or pool area ( not advisable for steam showers or steam rooms ).

\* Note:

**This product line was not designed to be used as flooring.**
